Mr. Wisner (Cont'd.)

3-17-5

E. Stated that (1) we had stirred up some life in the BW counterattack and had used the Director's suggestions in this matter; (2) the Communist BW campaign might well be a cover for (a) break-down in the peace negotiations and (b) resumption of full-scale operations in Korea. The Director discussed ways and means of overcoming our inertia in taking counteraction on Russian propaganda and stated we should be organized in order to take immediate counteraction to any and all Russian propaganda and we had nothing to lose by "using the bigger lie." In connection with (a) and (b) above, the Director stated that we should produce a special estimate on these points without delay. (NOTE: Mr. Becker undertook to do this.) Done.
